Education

University of Illinois at Urbana-Champaign — Urbana, IL
- *Bachelor of Science, Electrical Engineering; GPA: 4.00 / 4.00* — *Aug. 2014 – May. 2018 (Expected)*
  Minors: Computer Science, Physics — *Class Rank: 1/435*

Professional Experience

- **IEEE-HKN UIUC Alpha Chapter** — Urbana, IL
  Director of Publicity — *Jun 2016 - May 2017*
  - **Publicity**: Publicize organization and events on multiple media platforms (Facebook page, E-newsletters, etc.)
  - **Communication**: Interact and work with department and corporate representatives on student affairs and events

- **Department of Electrical and Computer Engineering, UIUC** — Urbana, IL
  Student Instructor of Analog Signal Processing Honors Class — *September 2016 - Present*
  - **Scientific Computation Tools**: Teach students the use of computation tools specifically MATLAB and Python
  - **Signal Processing**: Teach students signal processing and analysis techniques on software tools

  Teaching Assistant of Integrated Circuit Fabrication and Design Class — *Jan 2017 - May 2017*
  - **Instruments**: Lead lab session and operate lab instruments (stepper, evaporator, prob station, furnace, etc.)
  - **Cleanroom Processing**: Teach students RCA, photolithography, etching, evaporation, lift off, annealing, etc.
  - **IC Device Fabrication**: Help students fabricate integrated PN diodes, MOS capacitors, BJTs, FETs, etc.

- **Photonic Systems Laboratory** — Urbana, IL
  Undergraduate Research Assistant — *Feb 2016 - Present*
  - **EDFA(Fiber Optic Amplifier)**: Fabricate an EDFA controller interacted with LabVIEW through RS-232.
  - **E2CDA**: Participate in Energy-Efficient Computing: from Devices to Architectures funded by NSF and SRC
  - **Device End-to-End Testing**: Work on Silicon Nitride based waveguide characterization and loss measurement
  - **Optical Switching**: Work on energy efficient non-volatile optical switching

- **Jump Operations, LLC** — Chicago, IL + Champaign, IL
  Software Engineering Intern — *Jan 2017 - May 2017, June 2017 - Aug 2017*
  - **Jump Trading**: Build production trading platform verification and analysis tools as summer intern
  - **Jump Lab**: Work on production Bitcoin trading platform and build trading strategy real-time control tool

- **Johnson Controls, Inc** — Milwaukee, WI
  Data Analytics Intern — *May 2016 - Aug 2016*
  - **Data Platform**: Work on automated system data platform and write system automatic tests
  - **Data Management**: Build a data management operational tool with web UI that greatly improves work flow

Publications

- Toward Universal Analysis and Visualization of HPC Application Input/Output Behavior, PMBS, 2015

Awards and Honors

- Henry O. Koehler Merit Scholarship (Outstanding Scholastic Record in High-standing Students), 2017
- Edward and Margaret Ernst Award (Excellence in Experimental Work), 2017
- University of Illinois James Scholar Honors Program
- University of Illinois Dean's List 2014-2017
- Suzhu High School Outstanding Student Research Based Learning Award, First Prize 2013
- National Olympiad in Mathematics (Hubei Province Division), First Prize 2011

Computer Skills

Languages: C++, C, Python, MatLAB, Javascript, HTML, x86, Typescript, SystemVerilog, Bash, PHP, SQL, Java
Tools: LabVIEW, Origin, Comsol, Postgres, MySQL, AWS, Mircosoft Office, LaTeX, Miscrosoft Visual Studio, Vim
Environments: Linux, Mac OSX, Windows

Interests

- Classical piano, classical music, boxing, skiing, soccer, basketball, bodybuilding, swimming
